## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. It is assumed by the filing of this application that the waters sought to be appropriated are not percolating and therefore come within the jurisdiction of the office of the State Engineer. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One fortieth cubic foot per second. (0.025)

Actual construction work shall begin on or before June 10, 1917.

Proof of commencement of work shall be filed before July 10, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before October 10, 1917.

Application of water to beneficial use shall be made on or before June 10, 1919. Proof of the application of water to beneficial

use must be filed with State Engineer on or before July 10, 1919.

Proof of labor filed JUL 10 1917

WITNESS MY HAND AND SEAL this 10th, day

Proof of completion of work filed APR 12 1918

of March, 1917.

Filed for record Aug 11, 1919
